

A Day at the Zoo

1 Leo is at the zoo with his parents.

Leo: How many elephants are there?

Mum: There are four elephants in the pond. There are six elephants under the tree.

Leo: Look again. I can see eleven elephants.

Mum: Oh yes! There is a small elephant. It is behind a big elephant.

2

Leo: There are fourteen monkeys here. They have very long tails!

3

Mum: Leo!

Leo: Don't feed the monkeys.

Mum: I am sorry.
